Rapport to NFUE/NFSY: Annual meeting 29.042005

Landsrapport 2005

Land. Ísland
Medlemstal ca: 228

Chairman: Jónína Kárdal

Objectives:

1. To promote the work of educational- vocational counselors whose members are responsible for monitoring and maintaining their professional competences.
2. To promote policies governing the provision of educational and vocational guidance
3. To provide continuous education on matters concerning the guidance profession
4. To guide the personal rights and professionalism of Icelandic guidance practitioners and enhance their cooperation
5. To enhance international cooperation within the guidance profession.

The main themes for the year 2005 were:

- a. Within the Icelandic parliament two legislations concerning the increase of educational- vocational guidance has been launched.
- b. Continue working on an official agreement for educational- vocational counselors in regards to education.
- c. Forming ethical standards/guidelines for the Icelandic guidance community.
- d. The association FNS has been educating working counsellors on matters concerning the Icelandic working environment, like the fish industry, the working lives organisation,
- e. Field work for working counsellors within the comprehensive school level formed by the association of FNS.

Conferences:

May: From School to the Working Live. A seminar for associates within FNS. 90 participants.

2006 is an anniversary year for the Icelandic association. We are celebrating our 25 anniversary.
